**Working on the Umpqua National Forest**

The Umpqua National Forest covers nearly one million acres along the western slopes of the Cascade Mountains in Southwest Oregon. The Forest encompasses a diverse area of sparkling rivers and lakes, deep canyons, and rugged mountains up to 9,200 feet in elevation. The Umpqua produces a wealth of water resources, forest, wildlife, fish habitat, minerals, and outdoor recreation opportunities. Visitors discover a diverse place of thundering waters, high mountain lakes, heart-stopping rapids, and peaceful ponds. The Forest is characterized by its many waterfalls, acres of native forest, three wildernesses, and the Oregon Cascades Recreation Area. Also within the Umpqua is the Diamond Lake
Recreation Composite, one of the largest developed recreational facilities within the Forest Service. About 75% of the Forest is within the Umpqua Basin, which is also the boundaries of Douglas County. The Forest comprises 25% of Douglas County.

NORTH ZONE

The Cottage Grove Ranger District is the northern most unit. A Type 3 engine is staffed out of this office. Personnel are typically busy with prescribed burning and other project work in addition to fire suppression. Government housing doesn’t exist near the ranger station, which is located two miles east of the center of Cottage Grove and 20 minutes south of Eugene (plenty of services in both towns). One government house is available on a limited basis 17 miles from the office.

The North Umpqua Ranger District is located in Glide, 20 minutes east of Roseburg. Two Type 3 engines are staffed on this district. Here engines respond to lightning fires, along with prescribed burning and routine maintenance. In addition, the Wolf Creek Interagency Hotshot Crew is hosted out of North Umpqua RD. While no government housing exists next to the ranger station, it is available at the Steamboat Compound 20 minutes west of Glide on the North Umpqua River. Glide has a convenience store, post office, restaurant, churches, and schools.

The Diamond Lake Ranger District office is located in Toketee, 60 miles east of Roseburg. Two type 3 engines and a 20 person Type 2 IA hand crew and large recreation program are staffed on this district. In USAJobs, the duty station is listed as Idleyld Park, OR. Government housing may be available on the Toketee Compound, just minutes’ walk from the office. The workload here is much the same as the other units with an abundance of fire suppression, prescribed fire and other project work. You can walk to Toketee Reservoir for boating and fishing. This duty station is in the heart of the Forest with plenty of recreation opportunities just minutes away. It is 65 miles to the nearest full-service grocery store or medical services.

SOUTH ZONE

Tiller Ranger District is our southernmost unit. Similar to the other units Tiller has Two Type 3 engines, a Type 6 engine and a 20 person Type 2 IA hand crew on the district. Like the other units, crews are busy with prescribed burning and project work when not directly working on fire suppression activities. Government housing may be available, less than a mile from the district office. There is no cell phone service or Wi-Fi. Tiller has one small convenience store, and a post office. It’s a 30-minute drive to Canyonville or Shady Cove which have a full-service grocery store and limited medical services, and 60 minutes to Roseburg or Medford.

The Supervisor’s Office is located in Roseburg, population 21,000, which offers multiple stores, restaurants, churches, theaters, clubs, and other services. Centralized dispatch is located in the SO, which also houses two other federal agencies. No government housing is available.
