Position: Seasonal Wildlife Technician

POSITION PURPOSE:

Primary responsibility to conduct surveys for spotted owls as required by Green Diamond's Habitat Conservation Plan and timber harvest planning. May assist with other wildlife surveys as needed.

ESSENTIAL FUNCTIONS: (other duties may be assigned)

- Conducts spotted owl and barred owl surveys using electronic calls and visual searches. Will conduct survey work alone, at night, with radio contact.
- Determines nesting status at spotted owl sites.
- Utilizes compass, maps, aerial photographs and record spatial information
- Enters field data accurately and efficiently on forms and in computer databases.
- Assists in a variety of other wildlife surveys as needed.
- Participates actively in company safety program.

KNOWLEDGE, SKILLS AND ABILITIES REQUIRED:

- General knowledge of local terrestrial vertebrates.
- Current valid driver's license and current driver's record printout at the time of offer.
- Effective and professional relationships with co-workers within immediate work group, outside the immediate department, and with key contacts outside the company.
- Experience driving 4-wheel drive pickups and all-terrain vehicles is desired.
- Experience using GIS and GPS preferred.
- Education or experience with forest management techniques is desired though not required.
- Familiarity with a variety of vertebrate survey techniques is desired.

PHYSICAL REQUIREMENTS/WORK ENVIRONMENT:

- Works primarily (90%+) of the time in the field under varying topography and climatic extremes.
- Ability to orient, climb, and traverse steep rugged, densely vegetated terrain on a consistent basis in in sometimes harsh weather conditions for long periods of time.
- Must have ability to work independently during the day or night and without immediate supervision in remote areas.
- Works in conditions that may expose employee wildlife encounters, poison oak and/or insect bites.
- Must maintain punctual and regular attendance and present appropriate professional appearance at all times.
- Requires the use of standard safety equipment in regulation with GDRCo.
- Ability to load and unload ATV into a pickup truck.

This job starts in early January and works to the end of August 2022.
