Green Diamond Resource Company is a fifth-generation, family-owned forest products company. The rich history of our Company spans over 130 years. Our success is due to the quality and commitment of our employees. We support our employees in many ways - with safety practices and work environments beyond what law and regulations require.

Green Diamond owns and manages over 2 million acres of working forestland in ten states in the Western and Southern United States. In California we own over 370,000 acres. We manage our lands in an environmentally responsible manner, as sustainable. Come join us and be the newest member of our team.
