

Masters of Science (M.S.) Assistantship
Dwivedi Forest Sustainability Lab
Warnell School of Forestry and Natural Resources, University of Georgia

Assistantship Description: An assistantship (M.S.) for an exceptional undergraduate student is available at the Dwivedi Forest Sustainability Lab located at the University of Georgia (UGA)'s Warnell School of Forestry and Natural Resources. The incoming student will develop typologies of women forest landowners in Georgia and capture their perceptions about sustainable forest management. The incoming graduate student will also help in organizing workshops across Georgia. These workshops will link women landowners with consulting foresters for promoting forest stewardship. The incoming graduate student is expected to complete his/her thesis within two years from the start date (summer/fall of 2020). Applications will be reviewed on First Come First Serve basis.

Qualifications: Candidates with related educational background and work experience are encouraged to apply. Women candidates are strongly encouraged to apply.

Stipend and Benefits: This assistantship will offer \$20,000/year for two years. The student will receive a full-tuition waiver; however, is expected to pay a matriculation fee of \$25 and mandated student and activity fees totaling approximately \$1,145/semester. All students on an assistantship are required to have health insurance, and the UGA will cover 50% of the insurance premium.

Application: Information about the Warnell School of Forestry and Natural Resources is available at <http://warnell.uga.edu/>. Details about the graduate program are available at <https://www.warnell.uga.edu/graduate>. Details of the application process are at <https://www.warnell.uga.edu/graduate/future-students/application-process>. Interested candidates are encouraged to send their resume and GRE score to Dr. Dwivedi before submitting an online application.

The UGA is a Land and Sea Grant University located in Athens, GA – a city located about 60 miles East of Atlanta and popularly known as the Classic City due to local music, food, and recreational opportunities all year round. The Warnell School is the oldest forestry school in the Southern United States, with about 200 graduate students researching various cross-cutting themes across natural resources, including forestry.
