

ACHIEVE TAHOE WINTER ADAPTIVE SPORTS INTERNSHIP

Make a difference this winter as an Adaptive Snowsports Intern with Achieve Tahoe! Achieve Tahoe is the leader in the adaptive snowsports industry, serving over 700 individuals with disabilities annually.

Our internship program involves you in all aspects of our adaptive snowsports program. Interns learn to teach adaptive ski/snowboard lessons, help with outreach and fundraising, and play a fundamental role in day-to-day non-profit operations. We encourage anyone who has a passion for the outdoors and is interested in working with individuals with disabilities to apply. CTRS internship available.

For more info, contact Jared at jared@achievetahoe.org or 530-389-4687
