

## Common Energy Impact Team

**Job Title:** Clean Energy Advocate

**Employer:** Common Energy Impact Team

**Compensation:** 3 College Credits + Commission Pay!

**Internship Length:** Summer 2022

### **Welcome to the Common Energy Impact Team!**

We are a youth-centered group of climate advocates currently hiring college interns for Summer 2022! We are currently looking for undergraduates living and/or attending college in **New York, Illinois, Maine, Oregon, Maryland, Rhode Island, Minnesota, and Washington DC** to join our national team of Clean Energy Advocates (CEAs). Our team is a fantastic place to experience your first professional role in the field of sustainability by advocating for a state program called **Community Solar**. Community Solar allows for people in qualified communities to save money on their monthly utility bills by subscribing to a local community solar farm through their existing utility account. This program is free, requires no change in utility or home installation, and is shaping the clean energy economy to be a more accessible and inclusive space. Read more about Common Energy and our role in community solar here! <https://www.commonenergy.us/impact-team>

### **Benefits of Joining Our Team!**

- 3 college credits for summer participation

- \$50 per community solar sign up, with additional bonuses at your first, fifth, tenth, and twentieth sign ups!
- A flexible work schedule of 10 hours per week
- Training and education in the clean energy industry, as well as weekly networking, learning, and community building opportunities
- Development of important professional skills such as public speaking, community outreach, virtual team collaboration, and project management
- An awesome new network of environmental activists and organizers!

### **Qualifications:**

- You must live in and/or attend school in one of the following states:
  - Maine
  - New York
  - Illinois
  - Oregon
  - Maryland
  - Rhode Island
  - Minnesota
  - Washington DC
- You must be comfortable speaking in public and reaching out to people within your school, workplace, and social networks.
- You must have at least 25 connections (personal, professional, etc) within our qualifying states (ME, NY, IL, OR, RI, MD, MN, NJ, MA)
- You must be passionate about the Common Energy mission and about combating climate change!

### **You would be a great candidate if you...**

- Are an active and engaged member of your college campus, including participation in student clubs and organizations.
  - Leadership positions are a plus!

- Are outgoing and have a skill for interpersonal communications.
- Are willing to learn new skills and build upon your professional portfolio.
- Are passionate about addressing the climate crisis, and are ready to take direct action to build a more sustainable future.

**How To Apply:**

- Apply on Handshake
- Sign up for an informational session to learn more about what we do!
