Camp Cody

Camp Cody is located in Freedom, New Hampshire on the shores of Ossipee Lake — two hours north of Boston, Massachusetts and five hours from New York City. Waking up to mist rising from a glass-like Ossipee Lake (perfect for early morning water-skiing), never ceases to amaze. Our lakefront campus—that features a mile of private waterfront—is tucked away, surrounded by tall pines and natural beauty, with the White Mountain National Forest as our backdrop. Because of our easily accessible location, this incredible setting serves as a home-away-from-home for campers from all around the world.

Role Models

Identifying, hiring and retaining outstanding staff members is what makes the Camp Cody community particularly special. Our staff consists of education majors, graduate students, college athletes, lifelong coaches and a wide range of other professionals who have dedicated their careers to youth development.

More than anything else, we look for staff who can serve as outstanding role models for our campers.

What to expect

Staff will attend training from June 11th through June 22nd, 2019. Staff training teaches how to be an effective cabin counselor, an activity counselor, and a positive educator. We will also discuss policies and procedures, emergency protocols, effective role modeling, and spend time setting up activity areas and practise teaching.

Camp then runs from June 23rd through August 17th with up to 450 campers on site. Camp is eight weeks which is broken down into 4 two week sessions. During each session campers explore a wide range of activities, go on cabin trips, and enjoy special events. Most of our staff are responsible for a small group of campers in their cabin along with other co-counselors. A cabin counselor's main duty is to care for these campers, oversee their well-being and happiness, foster friendships between campers and ensure campers are minding their schedules. Activity counselors also have the responsibility of teaching a specific skill during the day. Activities are scheduled six times during a regular activity day with each lasting approximately fifty minutes.

Staff work six days each week with a scheduled 24 hour period off typically taken from 6pm in the evening until 6pm the following evening. Camp also allows for an additional evening off during the week.

First year staff members receive a base rate of \$275 per week with room and board included. Experience, education, and certifications may increase this weekly amount.

Far More Than a Job

Camp Cody staff members have more than just "a job and a paycheck" at the end of the summer.

Working with us is a tremendously rewarding and life-changing experience! You will make a positive impact on children and excel in teaching skills while developing leadership, strengthening teamwork, collaboration abilities, and learning other workplace skills to help you beyond Cody.

Many staff members look back on their time at Cody as the best, or the most important, transformational job they have ever had. Our staff members join Cody to give to others, but they gain so much in return!

Camp Cody is a beautiful place where campers and staff members not only realize their goals, but they find the confidence to be themselves and work collaboratively with others.

Don't miss out on an amazing summer experience. Here you will find enthusiasm, kindness, excitement and diversity. We're more than just a camp. We're Cody.
