# Forestry / Natural Resources Technician (Feb 8th, 2021 start)

## Expected Dates

June 8, 2020 to June 6, 2021

## Site

NAVFAC Northwest

## Position ID

PO-00730413

This position will serve as a natural resource generalist with regards to forest management and natural resource projects. Personnel will be required to work in the field on a variety of tasks, such as timber sale preparation, silviculture, wetland delineation, vegetation and wildlife surveys. The incumbent will be required to work as a member of a team and, occasionally, be required to lead a team in tasks. Some familiarity with natural resources, GIS and forest management is needed. Other multifunctional work may be performed, as assigned. The incumbent must be willing to use personal protective equipment and be willing to drive own vehicle with mileage reimbursement. Security and safety compliance will be required. Incumbent may be required to attend training.
