

## Paid Internship Opportunity

### Kiln Operator Summary

Lewis Lumber and Milling is seeking a candidate looking for a paid internship as a kiln operator. This position is a full time opportunity working for a family owned and operated flooring and cabinet moulding manufacturer. The main responsibility of this role is to oversee the drying of lumber in a kiln, measuring and tracking the moisture content and overseeing the drying schedule operations.

#### **Kiln Operator Responsibilities:**

- Determines fluent drying cycle and kiln schedule while making routine adjustments to achieve proficient operations.
- Weigh lumber samples periodically during drying process and readjusts temperature and humidity controls to regulate moisture reduction rate and avoid damage to lumber.
- Measures moisture content of lumber at completion of drying cycle, using moisture meter, to ensure that specified amount of moisture has been removed.
- Control quality of drying utilizing kiln samples and adjust drying rates to ensure lumber exceeds quality standards, as we always strive to exceed industry grades.
- Manages Brunner-Hildebrand track and package kilns to dry lumber to specified moisture content
  - Assist with loading and unloading kilns when needed

Room for advancement, pay bonuses, and benefit packages (dental, health, 401K, PTO) available upon meeting eligibility
