

AUBURN UNIVERSITY
College of Forestry, Wildlife and Environment

MS Assistantship in Forestry - Auburn University

Location: Auburn University, Auburn, AL
Position: Graduate Assistantship
Stipend: \$20,000 per year plus tuition waiver
Start Date: 08/16/2023
Website: <https://cfwe.auburn.edu/>

Description: This position is an assistantship for a Master of Science in forestry in the College of Forestry, Wildlife, and Environment at Auburn University. The student will conduct research in the area of forest operations with focus on carbon estimates in harvest operations. Financial support is available for 2 years, starting in the Fall 2023 semester and includes a stipend of \$20,000/year and a tuition waiver.

Qualifications: Applicants must have a Bachelor's degree in forestry, geographic information systems (GIS), soil science, or a related field and have a research interest in forestry. The applicant must be self-motivated and willing to conduct field work and travel to remote research sites. A valid U.S. drivers license is required or the ability to obtain one during the first semester.

Preferred Qualifications: Have an understanding of carbon emissions, logging equipment, and southeastern forestry. Familiarity with ESRI ArcGIS will also be useful for this project.

How to apply: Please send Dr. Richard Cristan the following documents: (1) cover letter that includes your research interests, qualifications, and any applicable experience, (2) CV, (3) unofficial transcripts, and (4) contact information for three professional references. If selected for the position, you will need to apply and be accepted to the Auburn University Graduate School. More information on the Graduate School can be found at: <http://graduate.auburn.edu/prospective-students/>. Applicants will be reviewed through May 19, 2023.

Contact: Dr. Richard Cristan, rzc0067@auburn.edu (<http://cfwe.auburn.edu/profile/richard-cristan/>)
