

California Timberlands Operations
PO Box 68
Korbel, Ca 95550

February 2, 2021

Position: Timber Resource Analyst

Background Information:

Green Diamond Resource Company is a fifth-generation, family-owned forest products company. The rich history of our Company spans over 130 years. Our success is due to the quality and commitment of our employees. We support our employees in many ways - with safety practices and work environments beyond what laws and regulations require. We invest in resources and education to offer our people opportunities for growth and advancement.

Green Diamond owns and manages over 2.1 million acres of working forestland in ten states in the Western and Southern US. In California we own over 370,000 acres in Humboldt and Del Norte counties. We manage our lands in an environmentally responsible manner, as sustainable (FSC certified) and productive working forests.

Basic Job Duties:

This position provides leadership and analytical support for division level strategic projects and will provide analytical support to all aspects of operations to improve operating performance. The incumbent will be expected to conduct various forms of analysis including investment modeling, cost analysis, high quality research, and analysis of industry, markets, competitors, and new business opportunities.

Essential Functions:

- Initiates project-based studies for streamlining operations and/or increasing revenues.
- Completes strategic analysis of options for improved use of timber resources.
- Performs financial analysis and special studies as directed by the Division Vice President and General Manager.
- Provides analytical support for the acquisition / disposition of timberlands.
- Synthesizes information and provide in-depth perspectives on industry trends to make recommendations for a variety of reasons.

Qualifications:

- Bachelor's degree in Business or Finance or equivalent experience with an undergraduate degree in forestry. California Register Professional Forester (RPF) License Preferred.
- Minimum of five years planning or financial analysis or other work-related experience with exposure to forestry and/or lumber business.
- Must have the ability to read and interpret maps.
- Superior attention to detail and organizational skills.

Compensation:

This is a full-time position. Benefits include competitive wages and bonus plan, vacation, paid holidays, health benefits package, life insurance, 401k and a company vehicle for business use.
