

Great Basin
Institute

Be part of the solution !

The Great Basin Institute (GBI) is an interdisciplinary field studies organization that promotes environmental research, education, and service throughout the West. GBI has partnered with the US Forest Service (USFS) Region 5 to help various forests meet their management objectives. Come join a dedicated team of emerging professionals and make meaningful, positive change in California's Sierra Nevada forests!

GBI is Now Recruiting:

[Forestry Crew Leads](#)

- Tahoe National Forest—Truckee District
- Sequoia National Forest—Hume Lake District
