**WHO WE ARE**

Greenbelt Land Trust is a Corvallis non-profit organization focused on land protection and habitat management.

We envision a thriving, healthy environment for all. Check-out our website <https://greenbeltlandtrust.org/>

**JOB SUMMARY**

We are looking for someone who loves working outdoors, every single day. The Habitat Technician is responsible for operating equipment, controlling noxious weeds, and helping on ecological restoration projects.

**JOB DUTIES**

- Maintain habitats using tractors, ATVs, mowers, herbicide applicators, and power tools.
- Monitor and treat invasive weeds.
- Supports the team working on an oak release timber harvest.
- Maintain infrastructure (buildings, roads, fences, etc.)

**REQUIRED QUALIFICATIONS**

- A passion for open-space conservation.
- An interest in learning how to operate and maintain tractor, ATV, and other equipment.
- Ability to follow instructions from supervisor and work cooperatively on a team.
- Valid driver's license and ability to learn how to safely drive a truck and trailer with heavy equipment.
- Ability, motivation and endurance for eight hours of productive work outdoors.

**WORKING CONDITIONS**

- Often works alone and outdoors in variable weather conditions, at remote locations, and on difficult terrain.
- Will be required to start work at 6AM during the fire season. May work 4/10hr. days.

**HOW TO APPLY**

Send an email to [matt@greenbeltlandtrust.org](mailto:matt@greenbeltlandtrust.org) with **Habitat Technician** in the Subject. Include resume, contact info for two references, and a cover letter that addresses the following: how this job opportunity fits with your career goals, relevant past experience, and your work availability.
